B. P. PATEL  
Managing Director

#### DAMODAR VALLEY CORPORATION

##### NOTIFICATION

Patna, the 17th December 1957

No. 7—In exercise of the powers conferred by Section 60(2) (d) of the Damodar Valley Corporation Act 1948 the Corporation with the previous sanction of the Central Government hereby makes the following regulations:—

1. *Short title and commencement*—(1) These Regulations may be called the Damodar Valley Corporation (Prevention of Pollution of Water) Regulations, 1957.

(2) They shall come into force on the 1st April 1958.

2. *Definitions*—In these Regulations, unless there is anything repugnant in the subject or context:

(i) "Corporation" means the Damodar Valley Corporation.

(ii) "Local authority" has the same meaning as in the General Clauses Act, 1897 (10 of 1897).

(iii) "Person" includes the Central Government, a State Government and a local authority.

(iv) "Water under the control of the Corporation" includes all dams, barrages, reservoirs, canals, channels, water courses constructed by the Corporation and all other water under its control.

3. *Extent of application*—Subject to the provisions of Section 11 of the DVC Act these Regulations shall be in operation in an area within the radius of one mile of the highest pool elevation of any water under the control of the Corporation.

4. *Entry of poisonous, etc. matter prohibited*—No person shall—

(a) cause or knowingly permit to enter into any water under the control of the Corporation any poisonous, noxious or polluting matter; or

(b) cause or knowingly permit to enter into any water under the control of the Corporation any matter which tends to impede the proper flow of such water in a manner leading or likely to lead to a substantial aggravation of pollution.

*Explanation*—For the purposes of clause (a) of this Regulation a local authority shall be deemed to cause or knowingly permit to enter or discharge into any water under the control of the Corporation any poisonous, noxious or polluting matter or any effluent if the same passes into such water from any sewer or sewage disposal works vested in the authority.

5. *Discharge of dirt, sewage or other effluent prohibited except with permission*—(1) No person shall throw or discharge into any water under the control of the Corporation any dirt or sewage effluent or any other effluent which is harmful to water supply, irrigation, operation of mechanical installations, public health or fish life.

(2) The Corporation may, on application made to it in this behalf, permit the throw or discharge of sewage effluent or any other effluent into the water under the control of the Corporation on such terms and conditions as the Corporation may deem fit to impose, on being satisfied that it is not reasonably practicable to discharge or throw any such effluent otherwise than by discharging or throwing it into such water.

(3) Before granting permission under sub-regulation (2), the Corporation shall ensure that all reasonably practicable steps have been taken to prevent the effluent from being poisonous, noxious or polluting.

6. *Deposit of mine refuse on adjoining land prohibited*—No person shall deposit solid refuse of a mine or quarry on any land so that it falls or is carried into any water under the control of the Corporation if another site for such deposit is reasonably practicable and unless all reasonably practicable steps are taken to prevent the refuse entering the water.

7. *Use of defective vessel and of water or adjoining land for certain purposes prohibited*—No person shall—

(a) Use any water under the control of the Corporation or any adjoining land within fifty yards of such water for the disposal or storage of any poisonous, noxious or polluting matter; or

(b) use a vessel in a defective state or repair for the carriage of cargoes from which poisonous, noxious or polluting matter may enter such water.

8. *Removal of deposit accumulated due to dams etc. from and placing of vegetation in water prohibited except with the consent of the Corporation*—No person shall, without the consent of the Corporation—

(a) Cleanse any part of any water under the control of the Corporation from a deposit accumulated by

reason of any dam, weir, sluice or other construction holding back such water either by causing the deposit to be carried away in suspension in such water or otherwise; or

- (b) Cut or uproot any substantial amount of vegetation from such water.

9. *Steeping of plant etc., bathing by diseased persons, use of vessel with sanitary appliances in or on water prohibited*—No person shall—

- (a) steep in any water under the control of the Corporation any plant, grass, vegetable or mineral matter which is likely to render the water thereof offensive or dangerous to health or harmful to water supply, irrigation or fish life; or
- (b) while suffering from any contagious or loathsome disease, bathe on, in or near any water under the control of the Corporation; or
- (c) keep or use on such water vessels provided with sanitary appliances from which polluting matter passes or can pass into the water.

10. *Outlet for discharge of trade, etc. effluent to water prohibited except with consent of the Corporation*—No person shall without the consent of the Corporation bring into use any new or altered outlet for the discharge of trade or

sewage effluent to any water under the control of the Corporation or begin to make any new discharge of trade or sewage effluent to such water.

11. *Penalty*—Any person who commits a breach of any of the foregoing Regulations shall be punishable with fine which may extend to one thousand rupees and in the case of a continuing breach, with an additional fine which may extend to one thousand rupees for every day during which the breach continues after conviction for the first breach.
